I would like to thank everybody that has sent good wishes to Steve Darbyshire  
(one of our printers for over 20 years)

Steve was diagnosed with Oesophagus Cancer mid-year and has been off since Nov.  
Steve has had a few set backs and is still facing a battle.  
He has not been able to eat any food since November.

We are supporting him through this terrible time. He and us truly thank everyone for  
their support and good wishes. It is helping him get through this struggle.

I have been asked to bring back the recipes,  
However! I have decided to do Restaurant Reviews.
